This piece of art will match any décor – pick a border color to coordinate with a stylish room. Personalized reproduction artwork printed one at a time on museum high quality stretched canvas (giclee print). Each piece of art measures 16" x 20" by 2" deep. No framing is necessary because the paint continues over the finished canvas edges (gallery wrapped). Each canvas is complete with a saw tooth hanger installed for easy hanging. This makes a unique baby shower gift or children's gift.
